Many moons ago, Isabelle left a stable job to pursue acting (sending a final blow to her mother's dream of having a lawyer in the family!). Recently created/performed in an original pilot called 'VOWS' about 2 straight women who marry each other for a green card. The comedy pilot is on the festival circuit & being pitched. Isabelle is also writing a teen-fantasy/drama called 'SPECIALIZED.' She loves, naps, ice cream, TV, boxing, reading & collecting books she hasn't yet read. <http://www.isabellepierre.com>
